PAXORA

By

PRIWON

Design is the silent ambassador of innovation, and our facades speak volumes. Crafted with precision and aesthetics in mind, every layer reflects timeless elegance and functionality. Elevate your space with surfaces that redefine creativity.

Elevate spaces
with timeless facades.

PAZORA

Where art meets durability.

Inspired by nature, built to last.

THE ART
OF
FLAWLESS
FINISHES

PAXORA

OUR STORY

At the intersection of nature and design,

Paxora is where textures breathe life into spaces. Inspired by the raw elegance of the natural world and crafted for those who see interiors as an extension of their artistry, Paxora isn't just a catalogue—it's a canvas of possibilities.

From the organic allure of wood grains to the timeless depth of stone and the sleek sophistication of modern finishes, every surface in Paxora is meticulously curated for the modern décor enthusiast.

Whether you're shaping a bold statement or refining subtle elegance, our diverse range ensures that creativity finds its perfect match.

Design isn't just about aesthetics—it's about feeling, experience, and lasting impressions. With Paxora, every texture tells a story, every finish makes an impact, and every space transforms into a masterpiece.

Bank beauty

*Surfaces that
make a statement.*

Great design isn't just seen—it's felt. Our overlays combine sophistication and durability, offering a seamless blend of artistry and practicality. A perfect balance where form meets function.

Sophistication in every layer

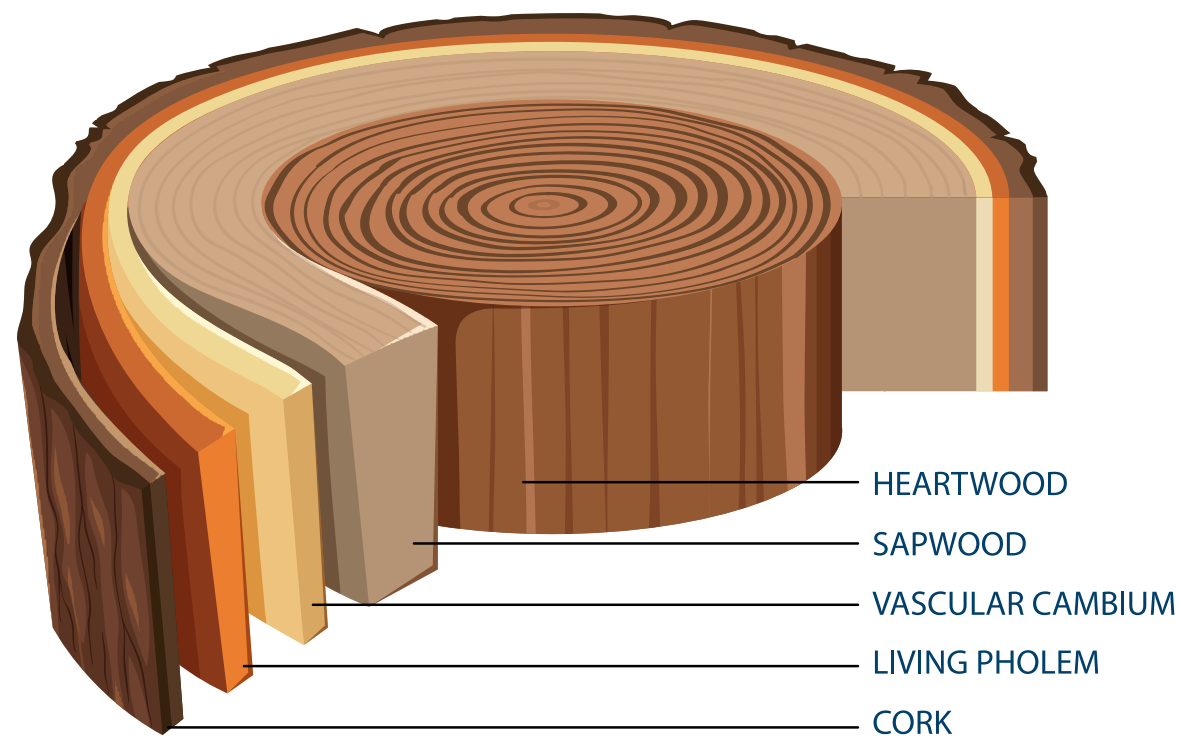

BOOK

PAXORA

Root depth

*Crafted for elegance
and strength.*

The earliest known use of wood dates back to roughly 1.7 million years ago in the early Pleistocene era, as suggested by archaeological evidence. Early hominins, like Homo habilis, started using wood for various purposes, such as fuel and shelter.

ANATOMY

Elevate your space with Paxora wooden grace

EXCELLENT *Collections*

A game-changer in the laminate industry, the laminate collection from PAXORA features a sleek 1 mm thickness and an impressive selection of 165+ designs that span a spectrum of aesthetics and colors. The collection has three distinct collections - Wood Surface, Stone Surface, and Marble Surface, each with unique charm and character.

PROPERTIES	SPECIFIED VALUES AS PER IS: 2046-1995	PAXORA CONFIRMS
Thickness	1mm(± 0.1)	✓
Resistance to Surface Wear	350 (revolution)	✓
Resistance to immersion in boiling water -Mass Increase (%) -Thickness Increase (%)	10.0 Max. 11.8 Max.	✓ ✓
Resistance to dry heat 180 °C	Not worse than 4	✓
Dimensional stability at deviated temperature -Longitudinal (%) -Transverse (%)	0.55 Max. 1.025 Max.	✓ ✓
Dimensional stability at 20 °C -Longitudinal (%) -Transverse (%)	0.375 Max. 0.60 Max.	✓ ✓
Resistance to impact by small diameter ball	20N Min.	✓
Resistance to cracking	Not worse than 4	✓
Resistance to stretching	2N Min.	✓
Resistance to staining	Not worse than 5	✓
Resistance to colour change (wool standards) -In Xenon arc light -In enclosed Carbon arc light	Not worse than 6 Not worse than 5	✓ ✓
Resistance to cigarette burns	Not worse than 3	✓
Resistance to steam	Not worse than 4	✓
Appearance	Should be free from foreign particles	✓

Product information and warranty :

Technical Name:	High Pressure Decorative Laminated sheets
Size:	2440 mm x 1220 mm (8'x4')
Thickness:	1 mm (Other Thickness may available on request)
Warranty:	Paxora warrants that their products are free from any manufacturing defects and is suitable to utilize for normal and usual propose only. It is recommended that the product should be inspired prior to installation. If found any visual defects, the product should not be used, cut or altered in any manner. Warranty will be limited to cost of the products only and no claims will be entertained after fixing, alteration or used of the product.
Note:	Samples presented are indicative in all aspects i.e., colour, pattern, surface finish, thickness, etc. High gloss sheets are recommended for vertical application only. Other combination for colour, pattern & surface finish are available on special request.

Protecting The Surface:

Scratch and Impact protection : Don't place lighted cigarette directly on laminate surface. Knives or other sharp utensils may slice or scratch the surface. Don't chop, slice, pound or hummer on any laminate surface. Avoid ironing or placing a hot iron on laminate surface. Hot cookware should not be placed directly on laminate surface. Heavy blows of hummer or metal may crack the laminate surface.
Ordinary Cleaning : In most cases, only need to use a clean, damp, non-abrasive cotton cloth and a mild liquid detergent or household cleaner and rinse with clean water. Don't flood the laminate since water can be absorbed and results substrate to swell. Dry the surface with a soft, clean and non-abrasive cotton cloth.
Chemical Damage : Never use cleaners containing acid, alkali or sodium hypochlorite. These cleaners will mar, etch, corrode and permanently discolour the laminate surface. Also make sure that bottles, rags and other materials contaminated with these cleaners never come in contact with the laminate surface.

Direction of Use :

-Before using laminate please ensure that the surface of plywood and laminate are clean, dry and free of other contaminations.
-Please well stir adhesive before use and don't add water in it. Also ensures that applied adhesive is sufficient or not?
-Once laminate pasted on plywood surface don't forget to apply adequate pressure for perfect bonding. To remove air bubble from assembly use roller press from centre of assembly towards edge of assembly.
-A gap of minimum 2 mm should be maintained between two laminates while pasting side by side.
